## Local Girl, 9, Drowns

KATHLEEN BRUCE

Nine-year-old Kathleen Sue Bruce of Granite City drowned in a swimming accident in Big River near the dividing line of High Ridge and Eureka, Mo., at 3 p.m. yesterday. She was pronounced dead upon arrival at St. Joseph's Hospital in Kirkwood, Mo., at 3:15 p.m.

The daughter of Mrs. Coura Bruce, 2209 Lee Ave., and Richard Bruce of St. Louis, she and several friends were swimming with her father when she began calling for help and sank beneath the water.

A man who lived near the site heard the call for help, got in a boat and rowed to where the girl was bobbing in the water.

He pulled her into the boat and attempted to give her artificial respiration until firemen and a rescuer unit arrived. Firemen utilized mouth-to-

mouth resuscitation until emergency vehicles arrived. Officials of the fire department reported Miss Bruce responded to the resuscitator for a short period of time but did not regain consciousness.

An autopsy was to be conducted today at the St. Louis County Morgue.

She was a fifth grade student at McKinley School and was a member of the school's Girl Scout troop. She was a member of Concordia Lutheran Church.

She is survived by her parents; one brother, Richard, 7, the sister, Laura, 5, and her grandparents, Mr. and Mrs. Clyde Morrison of St. Louis and James Bruce of Valley Park, Mo.

Funeral arrangements are given in today's obituary column.

## Hurt in Diving Mishap

THOMAS HOOKS

Thomas Hooks, 18, son of Mr. and Mrs. Harlin Hooks, 527 Washington Ave., Venice, was injured seriously at 1:30 p.m. Friday (Eastern time) in a diving accident in Washington, D.C. where he was attending a national conference of delegates from Explorer Posts.

Young Hooks suffered a broken neck and severe damage to the cervical cord in the neck, according to information received here by his family. He was reported in a partially paralyzed condition immediately after the accident.

The accident occurred when the youth struck his head on the bottom of the swimming pool at the Sheraton Park Hotel after diving from a high board.

He was taken to the George Washington University Hospital in Washington where he is expected to remain for the next several months. He is in Room E5127. His parents are with him in Washington.

The youth went to Washington last week as a delegate of Explorer Post 10-4 sponsored by the Madison Lions Club and the Madison Police department which financed his trip.

Hooks was elected to represent the post at the conference by a vote of post members.

He and his older brother, Rick, were the first two members of the law enforcement post in Madison and helped organize it.

He is secretary of the Cahokia Lodge, Order of the Arrow, scouting's national honor camping society. He was scheduled to serve on the summer camp staff at Boy Scout Camp Sunken near Potosi, Mo.

It was reported from Washington today that Explorers attending the conference contributed during the weekend to a fund, raising more than \$1,000 which was presented to the Hooks family.

Fleckles, the producer, will bring people of the Ainaid area "the best money can buy." Rated above all other shows that played in the Midwest last year, the show this year is described as even better.

Potentate Charles H. Wagner has placed Chief Rabban Harold Baker Jr. in charge of the spectacular this year, and Baker set up a number of committees. James E. Carter has charge of advertising, C. G. Chenoweth directs the ticket committee and Marshal Richard Ervasy of

Granite City coordinates both parades.

Ray Tibbs will be in charge of the concessions and food, while Past Potentate Larry Snyder will head up the grounds.

Tom Burns will be general parade chairman here. Many Nobles of Ainaid have played the part of "circus days," bought their tickets, and then returned them for use by children, good actors, scouts and handicapped. These will be able to come to the afternoon matinees, some attending from as far as 150 miles. Some orphans also will enjoy the show.

Granite City will be the host of a parade of the units of Ainaid and Moolah Temple next Monday, June 14, at 8 p.m.

**UP IN SMOKE.** The anti-pollution efforts of GASP (Group Against Society's Pollution) went up in a four-hour-long cloud of smoke Sunday morning as a truck trailer, filled with newspapers, collected in Saturday's paper drive burned behind the high school near the football field storage building. Firemen required four hours to extinguish the smoldering newspapers and another two hours to clean up the area. Cause of the fire has not been determined.

## \$25,000 in Meat Hi-Jacked

A refrigerated truck loaded with 38,000 pounds of beef quarters was hijacked and its two drivers were robbed while they were parked behind the Tarpoff Packing Co., 1423 Edwardsville Road, at 3 a.m. today.

The truck was found at about 7 a.m. behind a grocery market on Route 40 at Collinsville. The seals were broken, but the truck was still loaded and it

was not immediately determined if any of the meat was taken.

The victims, Basil Ragan and Donald Minks of Farmers Branch, Tex., told police that they were asleep in the truck while waiting to unload it at the Tarpoff plant when three or four masked men approached with a pistol.

The two were handcuffed.

gagged with a cloth towel and led behind an old trailer parked about 200 feet away where their feet were tied together.

**Robbed of Cash**  
Minks said he was robbed of his wallet containing \$16 and papers, and Ragan said \$60 and his wallet which were on the dashboard of the truck were taken.

The beef, valued at \$25,000, had been delivered to a Frozen Food Express Co. truck from Dallas, Tex.

Leaving the drivers on the ground, the hijackers drove the truck in the direction of East St. Louis, police were told. Granite City police and the FBI are investigating.

In another incident Sunday afternoon in St. Louis, 181 tons of beef valued at about \$15,000 was stolen from a truck while the driver made a 90-minute rest stop to freshen up. That truck was transporting 37,000 pounds of meat to Richmond, Va.

## Niedringhaus Church Drive Over the Top

Niedringhaus United Methodist Church went "over the top" at its initial fund drive report meeting last night, assuring that it will be able to replace its sanctuary and office center with a new structure.

With pledges for \$110,000 reported in the three-year, \$100,000 campaign, a gathering of 70 workers was jubilant and described it also as "a victory for downtown Granite City."

The church, found to be structurally unsound, is situated at 20th Street and Delmar Avenue.

The drive workers themselves pledged \$64,000 of the total. All but 71 families have been contacted and, with contacts con-

tinuing, a larger fund total is expected at the second report meeting tomorrow.

The present educational building will be retained.

Ralph Frohardt is general chairman of the drive. Carl Mathias leadership gifts chairman, Irvin Slate Jr. visitation chairman and Mrs. Bruce Grosch, secretary. Rev. Roy Baugh is pastor.

## Flood of 1903 Killed GC Mayor, Forced Hundreds To Evacuate Their Homes

On Aug. 21-28, Granite City's 75th anniversary and district. This is the 16th in a series on local history.

The Mississippi broke so suddenly in late April, 1903, and pounded against embankments protecting the American Bottoms.

Pumps at the levee west of Granite City ran 24 hours a day to keep down "slop" water. Near midnight on June 3, the pumps broke.

Mayor John Edwards, a frequent visitor at the pumping station after the river had started to rise, the dark engine room and lighted a match. Fumes from the motors exploded.

Workmen carried the mayor home, bleeding and unconscious. Eight days later, he died.

The river, meanwhile, moved along the levees, searching for the inevitable weak spot. With a growl heard a mile away, it peno-

trated the Madison levee on Saturday, June 6, inundating Venice, Brooklyn and part of East St. Louis.

Railroad embankments in North Venice held back the water until Sunday, when the flood broke through and spread northward.

As related by Carl Pierce, a contemporary resident of Granite City:

"The spectators retreated toward Granite City as the flood slowly advanced.

"A person could keep ahead of it at a slow walk — near you, it would be two inches deep, rustling through the grass and weeds, and ten feet away it was a foot deep.

"The flood drove out all man-

Elks Propose Building Fund; Vote June 22

The membership of Granite City Elks Lodge Number 1893 will vote June 22 on amending the by-laws to allow the creation of a building fund. The fund would be used in the future for constructing or purchasing a building to replace the present building, at 1229 Niedringhaus Ave., which is being eyed by Granite City officials as possible additional office space for City Hall.

The resolution which proposes the amendment states, "this building in the heart of the downtown business section may become a target for acquisition by the City of Granite City as it is adjacent to the City Hall which apparently needs more space for this growing municipality."

The fund, if approved, will be supervised by the Exalted Ruler of the lodge and a committee of four appointed members. The Elks have occupied their present building since 1917.

## State Hospital Recruiting Youths For Summer Work

Volunteer Services of Alton State Hospital is recruiting student volunteers for summer work, and there are numerous areas of interest in which youths might be placed. Recruitment for individual adults and women volunteers, as well as groups, is also open.

Interested persons must be 16. They may call the Volunteer Service Office for an interview. Orientation classes about the hospital for all new volunteers will be held on Wednesday, June 16, and Wednesday, June 23, in the Volunteer Office.

The first class will be held from 9:30 a.m. to 12 noon and the final class from 9:30 a.m. to 2 p.m., persons attending should bring a sack lunch. Coffee will be furnished by the office.

Summertime brings many opportunities for student volunteers to help with outdoor programs as picnics, ball games, swimming and bus trips. Other opportunities for service include assisting the activity therapist with programs, geriatrics, providing musical talent, assist with various crafts, conduct discussion groups, write letters, and visit with clients.

One special new area of opportunity is to assist staff with a skill development program for the mentally retarded residents. Through a structured program of various exercises, the residents learn skills that help them to walk, communicate, look for and see things that make up the surroundings, and develop motor skills that most people learn through the normal development or growing processes.

An example is an exercise in how to lift the feet to walk, and finger movements to teach them how to pick up small objects.

For your interview, call the Volunteer Coordinator, Mrs. Majorie Dintelman at 465-5293, extension 741.

Granite City and Edwardsville

Cupid is that very mischievous fellow who has been shooting his arrow-tipped arrows at the two halves of his selection for so many centuries. A god of both Greek and Roman mythology, Cupid was the official god of love for the Roman people—and a couple in love—had simply come under Cupid's spell. But Cupid himself fell desperately in love with the mortal Psyche and it was not until Jupiter had pity on the lovers and made Psyche immortal that peace and quiet returned between heaven and earth.

So now perhaps it is you and your beloved who are under Cupid's spell. Perhaps you are engaged and are going to be a wedding. And whether you plan to have a big wedding or one that is just a few hundreds of dollars, which you and your Mother will need to know about even the simplest ceremony.

Here at Hudson's we are ready with answers for all your questions and prepared to cover every detail for all kinds of weddings. And while we're on the subject, let me suggest that you make Hudson's your Bridal Headquarters. We will help you select your lovely silver, china and crystal patterns, so important for your own "Gracious Living" and entertaining.

**TEAM TEACHERS' WORKSHOP.** Rap session in full swing for teachers from Prather and Charleston Junior High Schools as planning begins on a team teaching approach to education. Using the existing block idea, team teaching will be introduced this fall at Prather's 7th and 8th grade levels. From left to right—Beverly Rusick, John Haug, Celestine Lucas and Gene Gunderson, all of the Prather faculty, and Fred C. Schroeder of Charleston, Ill., Junior High School.

## Prather Teachers Initiate Team Teaching Project

A pilot project involving team teaching in the areas of language arts and social studies will be initiated this fall at the 7th and 8th grade levels at Prather Junior High School.

Team teaching, a relatively new concept in education, has proven successful in many areas throughout the U.S., including several school systems in Illinois, according to administrators at the local junior high school.

Among the basic objectives of the team teaching approach are to develop an individualized program of instruction which will meet the needs of all students, to improve instruction in the language arts and social studies and to evolve a more meaningful curriculum.

The idea of the project grew from a modular scheduling workshop, sponsored by Mrs. Sally Sowell of the local school district's Gifted Program. From the workshop came the concept of providing a common teaching time for the classroom instructors.

**Form Committee.** Language arts teachers at Prather Junior High School formed special planning committees in February with groups meeting on a regular basis several times each week since that time.

In addition to the weekly sessions, Mrs. Sowell arranged

three workshop days for the Prather faculty members to meet with team teachers from Charleston Junior High School to study the program in depth. Practical application of the team teaching method was closely observed by ten local teachers who spent a day at a Charleston school viewing the team classes in operation there. Two other days were utilized in actual planning meetings with the instructors from Charleston who came to Granite City.

Prather JHS teachers also will take part in a two-week planning workshop, starting June 28, it was announced this week. The program has been arranged by Owen Humphrey, curriculum coordinator for the local school district.

**Teachers Optimistic.** "Our teachers are very enthusiastic and optimistic about the program and its eventual success," a spokesman for the Prather faculty said.

Those participating in the new project are Donna Cowan, Harry Dickerson, Donald Anderson, Mike Edwards and Carol Hildebrand, seventh grade teachers; and Celestine Lucas, Robert Hall, Gene Gunderson, Tom Turner and Ray Fyalka, eighth grade teachers.

Mrs. Hildebrand and Fyalka were selected team leaders by their respective groups, the spokesman noted.

### Bat Punch Powers Thursday Victories

How does a Granite City Park District softball team amass more than two dozen runs in a game?

Two examples were provided Thursday night at Wilson Park in the Women's AA League. Behind the seventh-inning shutout pitching of Thelma Pyle, the Granite City Rebels gained a 26-0 win over the Dingbats with two runs in the second inning, four in the third, 13 in the fourth and seven in the fifth.

Kentucky Fried Chicken ran past Metro Builders 28-7 with consistent scoring headed by a 10-run third frame and seven-run sixth.

Both Kentucky and the Rebels used heavy scoring. Eva Horn and Jane Cowan tripled and Myrna Schofield hit two triples for Kentucky while Rose Perkins homered for the Rebels.

Vonnie Peppers tripled for Matthews Chevrolet as it topped Mercer Ambulance 7-2. Matthews broke a 2-2 deadlock with three runs in the sixth and added two in the seventh, aided by a 15-13 hitting edge.

Also on Thursday night, in the Classic AA circuit at Worthen Park, Rozyski garnered 13 hits in stopping Sammy's 6-2, the Granite City Mustangs totaled 14 hits in defeating Victory Athletic Club 7-5 and Mexican Honorarium gathered 13 hits in downing Rozyski Blue 7-3.

## Huge Crowd Thrilled by Triple Header Program at Tri-City Speedway Friday

More than 4,100 fans were cheering to their feet repeatedly during Friday night's triple-header at the Tri-City Speedway as 53 drivers competed for more than \$3,000 in prize money in the super sprint, midjet and late model stock divisions.

Ronnie Taylor of St. Louis was victorious in the midjet division; Chuck Amati of Greenfield, Tenn., walked away with the super sprint feature race and Wil Spalding of Granite City started in the pole position and held the lead for 20 laps to win the late model stock feature.

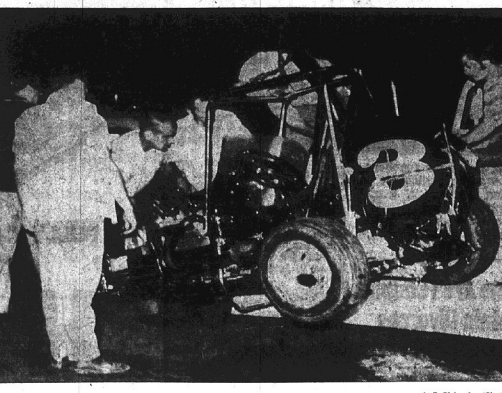

Taylor brought the huge crowd, the second largest in the history of the speedway, to its feet in the midjet feature race with a grandstand play as he passed Duke Deane of Springfield on the outside of the final turn and took the checkered flag with Duroso only one foot back. Duroso started in the front row outside and Taylor started in the sixth position.

Midjet Flips  
The race came under the red flag and was stopped when the Logue Yount of St. Louis went into the pole position. The third lap, lost control of the midjet in the grass and the auto did five barrel rolls across the track.

Spalding stopped his midjet to avoid striking Yount and was struck from the rear by Bobby Jones of Danville. The mishap bent a shaft in Spalding's Gus Shom Offenhauser, putting him out of the race. Yount's midjet was also eliminated with the right front suspension demolished.

Larry Kirkpatrick of Wood River carried off the grandstand win in the 18th lap of the 20-lap feature but recovered to finish fifth.

ati premiered his newly painted No. 44 sprinter at Friday race, a car painted in blue and purple with lace designs and swirl decorations, the kind of paint job that only Amati would have.

He took many good natured jibes from the other drivers and then went on to prove that despite the flowery paint job, he was still the man to beat.

He started the 20-lap feature on the pole and opened up a quarter of a lap lead and by the sixth lap he was beginning to pass the trailing cars on the half mile dirt oval.

Spalding of Jefferson City, Mo., broke through a pack fighting for second to take and hold that position, trailed by Russ Hibbard, Bobby Jones and Roy Carney.

Spalding in the No. 44 Camaro had little trouble staying in front of a pack of 18 late model stock cars in the feature race of that class for the checkered flag. The event featured a great deal of bumping and pushing in a tremendous race for the third position. Bobby Stanton of East Alton held second position and challenged Spalding for the lead several times but finally accepted the second spot.

George Greenfielder of Madison raced his new No. 44 half Camaro-half Corvair for the first time Friday night and was holding the third position for two laps before a front tire blew and put him out of the race.

Jones had the fastest qualifying lap time of the midjets in 24.96 seconds on the half-mile. Amati earned the fast time in the sprinters with 23.64 seconds and Spalding was the fastest of the stocks in 27.49 seconds.

The crowd encouraged promoter Ralph Koesley to immediately schedule another triple-header for Friday, June 18, and arranged for a 10-lap late model feature this Friday night with between \$1,000 and \$2,000 prize money for the stock drivers. The super sprint will also be on hand Friday night.

### Last-Inning Rally Wins for Liz, 7-6

Falling behind 6-4 in the sixth following a 4-4 deadlock, Liz's rallied for three runs in the last of the seventh to defeat Suburban Barbers 7-6 in the Western Classic softball loop Friday night at Worthen Park. Hoff man homered for the winners.

Dennis Campbell homered for the Jaycees as they overpowered the Oddsballs 20-2 aided by 23 hits and 10 enemy errors. Liz's led all the way in toppling Nestle 5-3 despite an 8-4 hitting deficit.

On the same evening, in Church League play at Wilson Park, Burl Treadwell's two-hit shutout for Neddinghaus Methodist stopped Grace Baptist 2-0.

Bethel Evangelical gained a 10-4 lead and held on to nose out Central Christian Church 10-9 although being outbit 21-16. Bob Steen and Danny Bixler homered for Bethel.

## Final Statistics Show Upsurge for Cougars

Final statistics of the 1971 Southern Illinois University-Southwestern baseball season reveal a dramatic upsurge in hitting. As a team, the 1970 Cougars hit at a .263 clip while the 1971 club batted for an average of .298. The Cougars under Coach Roy Lee won 23 and lost 13 this year.

Last season's top hitter, outfielder Dan Cole of St. Louis (Normandy), was edged out in the final week of play at the Midwest NCAA regional tourney by Jerry Pilcher, the Cougars' great defensive centerfielder. Pilcher, a native of Collinsville playing his third season as a regular, nosed out Cole at the plate with a .383 hitting average. Cole, who finished 1970 with a .389 average, hit at a .37 clip this season. Pilcher's upsurge was particularly dramatic in that he only hit .193 in the 70 season.

John "Champ" Summers, a graduating senior from Madison, paced the Cougars in the run-batted-in column with 38 as he came on strongly at the bat, leading the team with 7 homers and finishing with a .321 batting average. Pilcher gave Summers a run for the RBI title with 28.

In the important times-on-base category, Cole, with 71, edged out a trio of Cougars with 66: Rick Koefie, Belleville; Dennis Schutzenhofer, Belleville; and Pilcher. Catcher-outfielder

Mike Allaria of Edwardsville was next in the TOB column with 61 as he led the Cougars in drawing the most walks, 33. He finished the season with a .301 batting average, but was hampered in the final five games of the NCAA tourney with a pulled hamstring muscle in his left leg.

Third best Cougar hitter was team captain Dennis Schutzenhofer who hit safely 48 times in 138 times at bat for a .348 average. Mindy Macius of Springfield, a pitcher turned first baseman, finished with a .344 batting average although only at bat 32 times. His most dramatic blow was his pinch-hit, two-run homer in the 4-9 NCAA tourney victory over Louisiana Tech. at Marietta, Ohio.

Righthander Ron Middleton, Oblong, a junior, and southpaw Steve Malone, Marion, were the Cougars' winningest hurlers as both finished the season with 83 records. Don Rains, Granite City junior righthander, posted a 6-2 record including a convincing 3-1 victory over Central Michigan University in the NCAA tourney.

Middleton won the earned-run average race with a 2.87 figure. Malone finished with a 3.07 ERA, while Rains had 4.14. The hard-throwing Malone set a new SIU-SW strikeout record as he fanned 92 opposing hitters. Malone's and Middleton's eight victories were also new school records.

## 10 Soccer Films Being Produced by Coach Bob Guelker

Bob Guelker, varsity soccer coach at Southern Illinois University-Southwestern, has been chosen to author and help supervise 10 four-minute instructional films on ball control in soccer.

Works is already under way, Guelker said. Action is being filmed on the SIU-SW soccer fields, using members of the Cougar squad to demonstrate techniques used in soccer ball control.

The 10 films, which will be the official training and instructional films of the National Collegiate Athletic Assn. and the American Association of Health, Physical Education and Recreation Teachers, cover all phases of soccer ball control.

Helping Guelker in setting up the sequences for the instructional films are his two assistant coaches, Pat McBride and Joe Baum, plus three of his Cougar kickers, Jack Blake, John Caranza and Tom Howe.

In team sequences, showing the interaction of team play on ball control, members of the soccer varsity are being used as actors.

**Ealing Productions, Cambridge, Mass.**, is the film maker on the project. The 10-part series may be obtained by coaches and soccer teachers after Oct. 1, Guelker said.

## Pastoral Changes; Methodist Conferences Discuss Merger

United Methodist Bishop Lance Webb on Thursday announced 68 pastoral changes in Southern Illinois Conference churches and appointment of three clergymen on special assignment for the first time. Rev. Ellis H. Dugger was named pastor of Trinity Methodist Church, Granite City.

Appointments were confirmed as part of the agenda for the first full business day of the conference's annual session in Immanuel United Methodist Church, Olney. The convocation closed Sunday afternoon. Appointments are effective in mid-June 1971; clergymen will preach for the first time in new pulpits Sunday, June 20.

The conference, after the annual meeting, will be divided into four geographical districts, a reduction of one from the present five-district alignment. The Harrisburg District has been dissolved and churches within its boundaries have been regrouped into the new four-district conference.

The Rev. John Henderson, superintendent of the Harrisburg District one year, has been appointed superintendent of the East St. Louis District, succeeding the Rev. Jack Travelstead, who has been appointed pastor of First United Methodist Church, Macomb. Twelve pulpits or associate pastoral positions remain to be supplied.

District superintendents include the Revs. R. Paul Sims, Carbondale; John Henderson, Lebanon; James W. Owens, Olney; and Donald L. Lowe, Vandallia.

Rev. Clair Clark, pastor of Trinity Methodist Church here, was appointed as pastor of the First Methodist Church of West Frankfort.

Special appointments for the first time are the Revs. Gerald L. Gullett, director, Wesley Foundation, Carbondale; Herbert Bierman, chaplain, Illinois State Penitentiary, Vienna; and Laurence A. Wagley, professor, St. Paul School of Theology, Kansas City.

Decline in membership of United Methodist Southern Illinois Conference churches continued in calendar 1970, but the rate of loss was less pronounced than in prior years, the Rev. R. E. George, West Frankfort, statistician, reported. The 1970 loss was 1,971 in 467 local preaching places, compared with a drop of 2,118 in 1969. "This," said Rev. George, "represents, to me, a gain in membership."

Total conference membership last year was 74,445, compared with 76,416 the year before.

Largest church in the conference is First United Methodist Church, Olney, with 1,163 members. First Church, Carbondale, ranks second with 1,123 members and Union Church, Belleville, is third with 1,109 members.

The Southern Illinois United Methodist on Thursday heard praise and criticism of their efforts as churchmen from Dr. R. R. Paul Sims, Carbondale dis-

trict superintendent, in the traditional superintendents' report. He is a former pastor of Niedringhaus Methodist Church in Granite City.

Dr. Sims read the lengthy report, prepared by the Southern Illinois Conference's five superintendents; he is chairman of the group.

Commemoration came from the spokesman for progress in unity of former Evangelical churches—now United Methodist churches—and in generous financial support for many causes, including purchase of a \$2,000 Cessna 180 aircraft for the Rev. William Davis, Congo missionary pilot.

The aircraft was flown into Olney last week and was parked for display in front of the host church.

The praise, however, was tempered by the superintendents' concern for decline in financial support, membership and attendance and a many-faceted divisiveness in the church.

Dr. Sims, calling for the church to listen to criticisms of youth "telling it like it is," suggested that the church as the recent past that church members be "authentic," open to "variation" and exhibit "visible action, outreach and love."

The chairman asked delegates from local churches to "call our people to a fresh awareness of the church as the Body of Christ, and to see that the task is too great for all of us to spend time in magpie, trying our differences, or worse yet, fighting with each other."

The report suggested that in the Consultation on Church Union lies the opportunity to discover common bases for oneness and cooperation. "Too many of our people," said Dr. Sims, "will turn off this whole idea simply as a matter of emotional reaction, rather than a thoughtful response to facts."

Again in the area of inter-

denominational cooperation, the spokesman urged members to be alert to plans for a worldwide evangelism effort being assembled under the credo "Key 73," a cooperative venture involving more than 70 denominations and Christian groups around the world in 1972.

Ranging across a broad spectrum of concerns of churchmen today, the district superintendent turned to "the cry for world peace that cannot be bound by any denominational limitations."

"The cry for world peace calls for every Christian to respond in prayer, in persuasive proclamation, and in political action until human slaughter shall cease."

"We have a close harmony with the bid for peace, the report devoted to the necessity for reconciliation as the church's witness in the world and, specifically, for renewed support of the \$20 million Bishops' Fund for Reconciliation now past the halfway point in the 1967-72 quadrennium.

Studies of structures within the two-year Illinois Area, said Dr. Sims, suggest the possibility that "the best interests of the United Methodist Church in the Illinois Area would be served by becoming one conference."

"We urge the continued study of this matter," he added, "with openness to the possibility of eventual merger of the two conferences into the Body of Christ, and to see that the task is too great for all of us to spend time in magpie, trying our differences, or worse yet, fighting with each other."

The report suggested that in the Consultation on Church Union lies the opportunity to discover common bases for oneness and cooperation. "Too many of our people," said Dr. Sims, "will turn off this whole idea simply as a matter of emotional reaction, rather than a thoughtful response to facts."

## Bands, Soloists Added to Schedule Of '71 Mississippi River Festival

Five of today's top musical attractions have been added to the roster of folk/pop/rock stars appearing at 8:30 p.m. weeknight concerts of the Mississippi River Festival, it was announced today.

The Buddy Miles Band will be on the Festival stage Tuesday, July 20. John Hartford and Earl Scruggs—widely acclaimed for their country music compositions and unique banjo-playing styles—will appear Tuesday, July 27. Two hit rock groups—Rod Stewart and Faces, and Matthew's Southern Comfort—will perform on Wednesday, Aug. 4.

Buddy Miles has been hailed as "one of the most creative musicians on the rock scene." He has formed and reformed his band until it has emerged as the current unit of nine top-flight musicians. The Miles trademark tune, "Them Changes," brought the group to the popular music forefront after long-time appreciation by a smaller rhythm and blues audience.

Although born in New York, John Hartford spent most of his youth in Missouri where he grew to love square dance and fiddle music. An early disk jockey career led him to

Nashville, where he dropped broadcasting and began recording as a banjoist.

Tom Smothers recognized young Hartford's talent and took him to California for appearances on the final segments of the Smothers Brothers Comedy Hour. From there, Hartford moved to serving as banjoist-guitarist and songwriter for the Glen Campbell Goodtime Hour.

It was Campbell's recording of "Gentle on My Mind" that first put Hartford on the hit record charts as a composer. Since that time, "Gentle on My Mind" has been recorded by more than 20 artists.

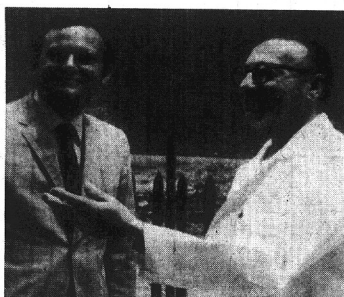

Scruggs is hailed as one of the top banjo players in the entertainment world. He is the author of an instruction book regarded as "the bible of the five-string banjo." Scruggs also is a prolific composer. "Foggy Mountain Breakdown" is one of his best known compositions and provided the brilliant chase music in the motion picture "Bonnie and Clyde."

Newsweek magazine recently recognized Rod Stewart as "another remarkable Englishman." He built his musical reputation as a harmonica soloist, only recently teaming with rock groups.

Of his present set of colleagues, Faces, Stewart says: "If I were to pick my choice of musicians and go on the road as a band, then the individual members of Faces would be that band." Stewart and Faces recently cut an L.P. album, aptly titled "Long Player," which is steadily climbing in rock album ratings.

Matthew's Southern Comfort has been building a solid reputation for entertainment through appearances across the country. All the group's members are English except Carl Barnwell, rhythm guitarist, who is a Californian. The group's theme of "Woodstock" ranks high on today's single record charts. Its most recent popular album is "Later That Same Year."

Coupon books for Mississippi River Festival concerts are being sold through July 18. The books sell for \$20 each and contain coupons worth \$25 which may be exchanged for text or lawn seating at any Festival event. Coupon books and single tickets are available in Missouri at Powell Symphony Hall, 718 North Grand Blvd., phone (314) 534-1700; all Famous-Barr Co. stores; and at the Crestwood, River Roads

## Madison Youth Charged After Fight With Police

Arthur G. "Binky" Billick, 18, of 704a State St., Madison, was arrested by Madison police at 12:41 a.m. Friday on charges of disorderly conduct, disobeying a police officer and resisting arrest after police asked him to leave the yard of a home in the 800 block of Alton Avenue. Police said he refused.

When police attempted to arrest him he allegedly used obscene language and fought with two officers, attempting to grab a pistol from one of them, officers reported. He was released under \$75 bond Friday morning.

## Regional Crime Prevention Seminar Scheduled June 22

## All But 5 Counties Have Unit School Districts

All but five Illinois counties have one or more unit school districts, Michael J. Bakalis, superintendent of public instruction, reported Friday.

Public school systems in 47 counties have been converted exclusively to unit districts while systems in another 50 counties include elementary and high school districts as well as unit districts, according to the School District Reorganization Unit in Superintendent Bakalis' office.

Counties currently with no unit districts at all are Washington, Wayne, Hamilton, Johnson and Massac. Studies are in process, however, on the feasibility of school district consolidations in Washington and Massac Counties.

Unit districts have jurisdiction over both elementary and secondary schools.

Counties to the list of those in which all public schools are under the unit district system. Voters in Jasper County approved a proposal to merge nine elementary districts and one high school district (Newton) into a single unit district covering the entire county.

Crawford County voters authorized consolidating three elementary districts and a high school district (Oblong) into a unit district embracing the western half of the county. Three other unit districts already operate in the rest of the county.

The consolidations will reduce the total number of Illinois school districts to 1,149, according to the School District Reorganization Unit. Of that number, 422 will be unit districts, 566 elementary districts and 161 high school districts.

Authorization is currently being sought, the reorganization unit reports, for elections to create an additional 18 unit districts incorporating 105 existing elementary and high school districts.

The impetus for establishing unit school districts came as a result of legislation enacted in 1947. At that time, Illinois had 11,995 school districts.

The New Salem Baptist Church will present its seventh annual fashion show Sunday in the Lee Park Community Center at Venice. The affair will begin at 6 p.m. Donations will be \$3.

The Reverend Seanes Boyce is pastor of the church. Arrangements for the banquet and fashion show will be directed by Mrs. Lucille George, chairman, and Mrs. Wilma Stanley, co-chairman.

## Country Breakfast Honors Faculty Retirees at Washington School

A country-style breakfast in the Washington Grade School cafeteria Thursday honored three faculty members who are retiring this week after many years of service in the local school system.

Honored by their colleagues were Mrs. Mary Miller, a teacher in the elementary grades the past 32 years, William Kosky, Washington co-ach and physical education instructor, and a 27-year veteran teacher, and Mrs. Gertrude Vansickle, who has been at the school 14 years.

Fresh roses from the garden of Dr. Gale E. Jones decorated

the tables, at which 34 staff members were served ham and eggs, hot rolls and other breakfast fare at 6:30 a.m.

Regrets were expressed by Principal Fred Noth at the absence of Mrs. Vansickle who was hospitalized in Breese, Ill., recovering from injuries sustained in an automobile accident.

Plaques were presented the retirees by Granite City Supt. of Schools E. J. Davis. It was noted the combined years of service to children in the community by the three teachers totaled 73 years.

Remembrance gifts were contributed by the staff, including a bound booklet containing photographs of the honorees' colleagues and friends, and cash gifts.

Mrs. Mary Noth, wife of the Washington School principal, assisted at the breakfast and arranged the attractive table setting.

MRS. DAROLD R. TALLEY, The former Phyllis Lynn Wallace, her wedding took place Saturday at Nameoki United Methodist Church.

## Talley-Wallace Nuptials In Candlelight Setting

The wedding of Miss Phyllis Lynn Wallace, a daughter of Mr. and Mrs. Clarence L. Wallace, 3144 Myrtle Ave., and Darold Richard Talley, whose parents are Mr. and Mrs. Darold E. Talley, 2112 Aubrey Ave., took place Saturday evening at Nameoki United Methodist Church.

Altar arrangements of white gladiolus and yellow lilies, together with lighted candles in candelabra, and hurricane candelabra in the aisle decorated with white bows, provided the setting for the 7 o'clock ceremony performed by the Rev. William Foster and the Rev. John Dix, the latter an uncle of the bride.

A gown of white silk organza, worn by the bride, was styled with a fitted Empire bodice, a round neckline and short sleeves, enhanced with embroidered Venice lace. The semi-full skirt was floor-length and outlined with rows of lace at the hem. A belt of lace encircled the waist and sprays of Schiffli dogwood blossoms were embroidered on the dress.

A detachable train was also trimmed with lace and a matching dogwood and pearl headpiece held in place the bride's full length veil of silk illusion. She carried a basket of yellow and white roses, stephanotis, statice and baby breath with variegated ivy streamers.

Miss Paula Walton, a roommate of the bride, was honor attendant and Mrs. James Hentzel, the bridegroom's sister, and Misses Janice Seyour, Marilyn Havens and Bunnie Nance were bridesmaids.

They were identical floor-length gowns of yellow and white floral print voile, designed with high waists and ottoman trim. The necks had Peter Pan collars and the sleeves were long and puffed. All of the attendants wore white crocheted hats with green velvet ribbon streamers and carried wicker baskets of yellow roses, white daisies, purple statice, baby breath and ivy.

After the business hour a party was given for Mrs. Verna Spurrier, who is retiring at the F. W. Woodworth store, and the "mystery" package was awarded to Mrs. Frances Westbrook.

Two delegates were appointed to represent the local group at the state convention at Danville in August. They were Mrs. Della Raub and Mrs. Margaret Minzes. Mrs. Norma Jones will serve as an alternate.

William Schooley III was best man, and James Hentzel, Thomas Loman, Raymond Rutledge, Stephen Golden, Donald Haddis, Terry Wilts and Dwight Hill made up the list of groomsmen and ushers.

Cathy Dix and Mark Dix, cousins of the bride, lighted the candles.

Neil Seymour presided at the organ and accompanied the vocalist, Raymond Voorhees, as he sang "Wedding Hymn"; "Love Theme"; and the Lord's Prayer.

For her daughter's wedding, Mrs. Wallace wore a mint green silk shantung dress, matching accessories and a corsage of yellow Sweetheart roses and stephanotis.

The bridegroom's mother was in a violet dress and white accessories, with gardenias pinned at her shoulder. A buffet supper was served in the church hall after the ceremony.

Among those assisting at the supper and reception were Mrs. Kathy Parrington, Miss Alice Lockhart, Mrs. Sandra Dillard, Mrs. Joyce Sullivan, Mrs. Bertha Dix, Mrs. Loraine Dix, Mrs. Luan Briner, Mrs. Martha Watson, Mrs. Jane Elkins, Mrs. Alma Cowan, Miss Jane Cowan, Mrs. Jane Cowan, Miss Terry Dix and Miss Karen Richardson.

After a honeymoon in Florida the newlyweds will live in Normal, Ill. The bride is a senior at Millikin University in Decatur, and has accepted a teaching position in Atlanta, Ill., for the fall.

Mr. Talley, a sophomore at Illinois State University in Normal, is majoring in Special Education. He plans to work at the Granite City Steel Co., this summer.

The rehearsal dinner was given by the bridegroom's parents Friday evening at Trinity Methodist Church.

The environmental program has been established by the National Council of Garden Clubs in cooperation with Sears, Roebuck and Company, in an effort to involve garden clubs with their local communities to formulate action programs in the areas of ecology.

In her new post, Mrs. Glenn will work closely with several districts in Illinois to present the program to all gardening groups within the state.

A past president of the Gardenaires Garden Club, Mrs. Glenn currently serves as the Granite City club's civic projects chairman. She also served as general chairman for two civic flower shows staged by the Granite City Park District in conjunction with local clubs.

In addition to her activities in the local group she is vice-chairman of District Five, Garden Clubs of Illinois, and last year was named by the district chairman to act as leader of the environmental improvement program throughout the region.

Mrs. Glenn is a dedicated "dirt gardener," and for many years has been active in garden club work in the community. She returned last week from Bal Harbour, Fla., where she attended the national convention of State Garden Clubs.

## Susan Paschedag To Wed in July

Mr. and Mrs. William E. Paschedag, 8 Lakeview Drive, are announcing the betrothal of their daughter, Miss Susan Paschedag, to Victor L. Fernandez of Rural Route One.

The bride-to-be graduated from the Granite City High School last January and is presently employed by an insurance company in Clayton, Mo.

Her fiancé, a son of Mrs. Wilma Fernandez, and the late Moses Fernandez, is a member of the June 1971 graduating class of the local high school. He plans to attend the Vocation Technical Institute at Southern Illinois University-Carbondale campus this fall.

The bride was given in marriage by her father. She wore a gown of candelstick silk organza over tulle designed on Juliet lines with re-embroidered, beaded Alençon lace and silk braid trimming the high neckline, the Empire bodice and the full, cuffed sleeves. Lace and braid also accented the floor-length skirt and bordered the removable court train.

A formal veil of silk illusion, which extended beyond the train, cascaded from an open crown of matching lace and braid. The bride held a Colonial bouquet of stephanotis, blue baby breath, pink Sweetheart roses and variegated ivy.

The wedding procession was led by Rev. Mangan, followed by the bridegroom and his father, and the bride's attendants.

## 125 Attend B&PW Installation Dinner

An impressive candlelight ceremony was conducted last week to mark the installation of new officials of the Granite City Business and Professional Women's Club.

Those installed were honored by 125 members and guests at a reception and dance following the formal ceremony. The affair was held at Holy Trinity Hall, 13th Street and Madison Avenue.

Miss Dorothy Fink, a past president of the Illinois Business and Professional Women, served as installing officer. She was assisted by Mrs. Delores Allen, District 14 chairman and a member of the local B&PW chapter.

Installed for 1971-72 were Mrs. Pauline Weir, president; Lil Marzluft, first vice-president; Bonnie Lazenby, second vice-president; Helen Christich, corresponding secretary; Sylvia Wright, treasurer; Ruby Parker, recording secretary; new board members, Lorene Sadrakula, Genevieve Grady and Edna Kohlbrecher.

Returning board members also honored were Mrs. Ann Burton, Mrs. Maxine Butler and Ruth Walk. Special recognition was accorded three retiring committee chairmen by Mrs. Emylee Alford, the immediate past president.

Those recognized were Mrs. Walk, civic participation chairman; Mrs. Becky Slate, finance officer; and Mrs. Bonnie Lazenby, public relations director. The three received honorable mention at the B&PW state convention for achievements during the past year, Mrs. Alford explained.

Mementoes were presented by the retiring president to her former staff and Mrs. Weir also gave gifts to the incoming officers. The latter introduced 20 members who joined the local club within the last 12 months, noting that Mrs. Alford and Mrs. Mary Batson each recruited five of the group's newcomers.

Commenting that the Granite City B&PW will observe its 50th anniversary on April 7, 1972, Mrs. Alford presented the club's original charter, which has been restored and framed, to the group's new president.

In return, the retiring official accepted the scrapbook record for 1970-71 from Mrs. Lazenby. Entertainment at the installation consisted of musical presentations by five students of Mrs. Valerie Stevens, vocal music director for Madison schools.

The youthful performers included Mark Lifzelski, a 8th grade student, who played an accordion number; Dynette Shrader, a first grade pupil, and Tim Shrader, a seventh grader, both of whom sang solo numbers; and duet selections by Madison High School students, Alicia Hendrickson and Robert Wall.

# The FORUM

## HOMES BEING ACQUIRED LACK ADEQUATE CARE

To the Editor:

Just recently I read a letter in The Forum and this prompted me to write my two cents' worth about this "behind the mill" neighborhood.

I, too, am a resident and taxpayer and have also pleaded with the city officials to do something about our neighborhood. I guess their hands are tied.

I think Granite City Steel owns these homes, so "anything goes." Right now, in the 2200 block, there are three vacant houses; one has just been vandalized.

Grass has grown up above the limit in the Granite City weed law. And at one of the rented houses, the front porch has broken furniture and the back yard has trash.

In the alley, an overflowing trash barrel has never been picked up.

In May, a building inspector wanted to know why the houses were not being maintained. I said, "I am not a landlord, I am a resident."

I asked him if it was his neighborhood if he wouldn't complain. He gave me no answer to this question.

All I want to add to this is that, rich or poor, we all have a conscience. I can't live in mine. To whom it may concern—can you live with yours?

Someday all will stand before the Almighty to be judged. Believe me, I wouldn't want to be in the guy's shoes who is responsible for this mess.

MANY HELPED MAKE DAV FLAG PARADE A SUCCESS

To the Editor:

We thank all who helped to make our second "Parade of Flags" the success that it was.

Those who participated included the Veterans of Foreign Wars, Amvets, American Legion and their Auxiliaries, plus the Navy Mothers and Daughters of Union Veterans.

Most of all we thank the Girl Scouts, Brownies, Boy Scouts and their capable leaders. We could not have had a Parade of Flags without them.

Rev. Richardson gave the invocation and a wonderful prayer was done by Jim Tapp in singing our National Anthem.

Boy Scout Memorial was in the pledge of allegiance and two buglers from the High School played "Taps" to end our program.

Case for 'No Strings' Revenue

(Pearla Journal Star)

The most urgent need we have for urban renewal in an area that is methodically falling apart is the "no strings" revenue.

That's dealing only with "available" government programs, not the relative merits of such things as the school crisis.

The local "crisis" has to be perfectly in tune with a national "crisis" to get in on the money—and even then it's doubtful.

And by the time the crisis in the cities reaches Washington, it's debated, politicized, and programed.

Congress in the fall of 1969, by the half-ton of regulations from the concerned agency to prescribe their exact limits and standards under the act.

So does "earmarked" money, and we're up to our armpits in THOSE disavowals.

Nobody in Washington is smart enough to figure out the ear-markings to effectively serve the actual physical problem mix in all the Perleas of this country.

Nevertheless, fairly or functionally.

They did hit upon a way to bleed us financially that beats anything yet invented—the federal income tax—and that only heightens the inequities.

It's time a small part of the budget provided the advantages and disadvantages of "no strings" money—instead of the bureaucratic maw.

Here in Pearla the actual physical result of Mills' process is starkly before us today.

It looks like we can get \$28,000 more to put in a levee to increase the utility and value of 600 acres of riverfront and maybe a million bucks to bury a creek at Bradley park—but we can't get a thin dime for

the actual priorities are a matter of local politics, as to how the situation fits the mountain of paper-work on priorities already worked out laboriously, expensively, and with much lost time in Washington, and how well the funding happens to fit that final product of the bureaucratic maw.

22 SCHOLARSHIPS AWARDED BY FOUNDATION

To the Editor:

As the current president of the Granite City Scholarship Foundation, I want to express to you the thanks of that organization for your support this year.

As you know, need is the primary consideration in selecting the recipients of the scholarship awards, and we feel that this year the 22 graduates selected were quite deserving.

We believe that this is indeed a worthwhile activity, and your participation was of great help.

47 YOUNGSTERS EARNED MEMBERSHIP IN YMCA

To the Editor:

I thank citizens of the Tri-Cities area who supported the recent YMCA parade. The sale permitted youngsters to go out into the community and sell to earn their YMCA memberships.

Although we are well aware of the numerous sales that take place throughout the area, in a given year, we've found that people are responsive to youngsters who are willing to earn their own way.

For some youngsters, an opportunity such as this may be the only way they will become members of the "Y" or any other organized group.

For their parents' financial situation, the recent sale, 27 boys and 10 girls earned a full year's membership, while nine boys and one girl earned partial memberships.

The public helped 47 youngsters become members of the YMCA. Now it's our job to serve their needs.

Case for 'No Strings' Revenue

(Pearla Journal Star)

The most urgent need we have for urban renewal in an area that is methodically falling apart is the "no strings" revenue.

That's dealing only with "available" government programs, not the relative merits of such things as the school crisis.

The local "crisis" has to be perfectly in tune with a national "crisis" to get in on the money—and even then it's doubtful.

And by the time the crisis in the cities reaches Washington, it's debated, politicized, and programed.

Congress in the fall of 1969, by the half-ton of regulations from the concerned agency to prescribe their exact limits and standards under the act.

So does "earmarked" money, and we're up to our armpits in THOSE disavowals.

Nobody in Washington is smart enough to figure out the ear-markings to effectively serve the actual physical problem mix in all the Perleas of this country.

Nevertheless, fairly or functionally.

They did hit upon a way to bleed us financially that beats anything yet invented—the federal income tax—and that only heightens the inequities.

It's time a small part of the budget provided the advantages and disadvantages of "no strings" money—instead of the bureaucratic maw.

Physical result of Mills' process is starkly before us today.

It looks like we can get \$28,000 more to put in a levee to increase the utility and value of 600 acres of riverfront and maybe a million bucks to bury a creek at Bradley park—but we can't get a thin dime for

the actual priorities are a matter of local politics, as to how the situation fits the mountain of paper-work on priorities already worked out laboriously, expensively, and with much lost time in Washington, and how well the funding happens to fit that final product of the bureaucratic maw.

## High School Students Combine Practice With Theory in Hospital Work Program

By DONNA HOGAN  
Press-Record Staff Writer

A pilot program to provide working experience as part of the selected courses of high school seniors is in progress at St. Elizabeth Hospital, coordinated by the Granite City High School Vocational Education program under the direction of M. A. Wittebrongel, and Sister Mary Thomas, hospital administrator.

Ten senior students started with the initial program designed to bridge the gap between theory and practice. All have completed the courses within the last week.

Each student spent three hours a day from 1:30 to 4:30 p.m. at the hospital in different departments, including five as unit clerks, two as operating room technicians, and one each in the dietary, housekeeping and maintenance departments. Probably the most unusual phase of the program has been assignment of a boy and girl as operating room technicians, a unique situation in this area and throughout the country as very few hospitals are involved in this level of programming.

Provides a First St. Elizabeth Hospital has provided a first for area students in a program to encourage some to continue in the medical-hospital field, as well as giving them a different approach to study subjects with actual experience outside the classroom.

The program has proved to be highly successful inasmuch as all 10 students involved in the program are vitally interested in their particular duties and have made plans to remain through the summer as employees of the hospital.

After participating in a program to stimulate an interest in health care and the actual operation of a hospital, six of the ten students have definite plans to continue their education in this direction.

Pamela Cason, a daughter of Mr. and Mrs. William Cason, and Charles Collett, son of Mr. and Mrs. Fred Collett, 2422 Grand Ave., served as operating room technicians under the instruction of Mrs. Betty Walston.

To Work This Summer Both plan to continue in the medical field and will work at the hospital this summer. Miss Cason who majored in science in her college preparatory course at the high school, will enter nursing training classes at SIU-SW campus in September and will work toward a degree in nursing.

Young Collett who has been engaged in laboratory work also, wants to become a surgeon and will enter Belleville Junior College in the fall. After completing two years there he will transfer to Washington University to begin pre-medical education. He has also taken a college preparatory course in high school with a science major.

Mrs. Walston, asked her opinion on the performance of the students, said, "They are way above average in intelligence with the book work and have more than met the performance standards."

Unit clerks were placed in a department for one month and later moved every two weeks to become familiar with every phase of hospital records concerning patients and the clerical duties required at the nurses stations. They worked specifically on the first, second and third floors where medical and surgical patients are treated, in pediatrics and obstetrics.

Take Business Courses The girls who were taking business courses at the high school and worked in connection with this training were, Janice Hesseldeuz, a daughter of Mr. and Mrs. William Hesseldeuz, 2917 Edgewood Ave., Debbie Penrod, daughter of John Penrod of 2172 Bern Ave., Brenda Jones, daughter of Mr. and Mrs. Wesley Jones, Rural Route 2.

Put Wickham a daughter of Mr. and Mrs. Glen Wickham, East 23rd Street and Nameoki Road, and Faith Parrish, a daughter of Mr. and Mrs. Elize Parrish, 5005 Lewis Ave.

All five of the unit clerks will remain at the hospital during the summer months. Miss Wickham and Miss Parrish will enter nursing training in September.

Unit managers responsible for training the students were Richard Smallwood, 1-Binney; Patrick Fennell, 2-Binney; Lee Ridgeway, 3-Binney and pediatricians, and Lester Frisse, obstetrics.

Dan Melton, who has been under the guidance of Paul Hopper in the maintenance department, will continue to work at the hospital and attend Rankin Trade School in St. Louis where he is studying electronics.

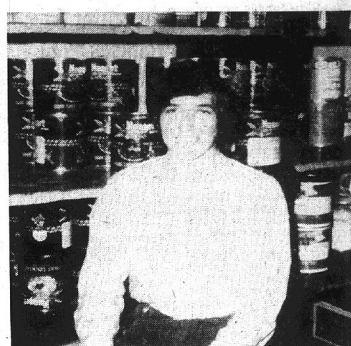

The son of Mr. and Mrs. Harrison Melton, 18 William John Court, he took a vocational course at the high school.

Brian Schaefer has worked

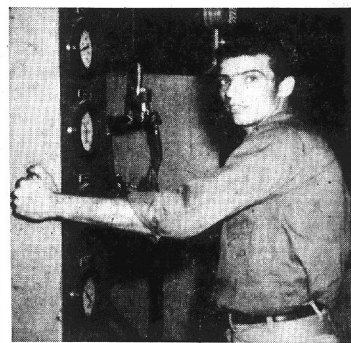

with Sim Harnetiaux, supervisor of the dietary department, learning details of food service and storeroom operation necessary to efficiently operate a hospital kitchen. ## House Takes Up Fund Bills Despite Senate 'Slowdown'

Illinois House Speaker W. Dan Claitor said Friday that an extraordinary action is being taken in an effort to prevent a rash of Senate appropriations bills from being dumped in the House during the final weeks of the session.

Blair said bills duplicating those in the Senate containing departmental budget requests were introduced in the House Thursday.

"In this way, we can be sure these important bills have full and proper hearing before the deadline for passage arrives," the Speaker said. "The House Appropriations Committee will have ample time to go over them and bring the next few weeks."

David J. Regner (R, Mount Prospect), chairman of the House Appropriations Committee, said his is in full accord with the plan.

"We expect to conclude our hearings on all major appropriation bills by the week of June 7-11," Regner said. "We would like to begin work on the Senate bills as soon as possible by getting a good start, we will be able to do the type of analysis that is needed for appropriations bills."

Pressure Discourages Study "The House Appropriations Committee has been doing an excellent job since meetings first began this year. I don't want the members subjected to a situation where we would have to rush through a big pile of bills under pressure."

Blair said, "There is an obvious slowdown in Senate action on appropriations bills."

"I understand most of the major appropriations are still in committee," he said.

Some of the major duplicate bills filed Thursday were: Department of Public Aid, \$1,193,550,500.

## City Attorney Status Clarified by Court

A circuit court ruling holding that Granite City Mayor Donald Partney has the right to appoint the city attorney has been entered at Edwardsville by Circuit Judge Howard Lee White.

The ruling, not yet reduced to a court order, specifies that Leon Scroggins, who resigned the post in a conflict with city council members a few months ago, still is city attorney by virtue of a state statute which provides a city officer who resigns shall remain in the office until a successor is appointed and qualified.

Judge White also set out in the statute that Scroggins' salary, under terms of his original appointment, still remains at \$12,000 per year.

Scroggins' status as city attorney and the amount of his salary has been a controversial issue since Scroggins submitted his resignation in a dispute over his salary. Council members maintain they can fix the city attorney's salary, or those of other officers, in the appropriation ordinance.

Judge White issued the ruling as a supplemental opinion in a court case brought by a majority council bloc against the mayor to clarify Partney's authority in the appointment of certain city officers.

## Widow, Mother of 6, Wins Nurse Award

The winner of this year's Nancy George Award for scholastic achievement in nursing at Southern Illinois University-Southwestern is a widow with six children.

She is Charlotte Frazier, whose late husband was Dr. David Frazier, an Edwardsville veterinarian. After his death in January, 1969, she decided to pursue a nursing career.

"Even when I was a little girl I wanted to be a nurse," she says. "When David and I married I put aside my ambitions to help him through the University of Missouri School of Veterinary Medicine. After he set up his practice in Edwardsville in 1952 I did his bookkeeping and assisted him with animal surgery. I would hand him his instruments and swab the surgical areas. After all, a great deal of human medicine is related to animal medicine."

Mrs. Frazier earned her R.N. in 1970 at St. Joseph's Hospital in Alton and entered the back-SW last fall. A native of Lamoni, Iowa, she attended Graceland College three semesters before her marriage.

Embarking upon a new career posed some questions for Charlotte Frazier, now a Deane College student at SIU-SW. Who would care for her six children was paramount. Her parents, Mr. and Mrs. Maurice Weable, Ridgeway, Mo., volunteered. They rented an apartment in Edwardsville and stayed with their grandchildren during the day.

"You do what you have to do," Mrs. Frazier smiled in response to a comment on her courage. "Without my parents' and my children's help and encouragement I couldn't have done it. The children have

The victim told hospital officials that after having been struck she fell on the sidewalk, injuring her back. She was transferred to DePaul Hospital, St. Louis.

## Lincoln Birthday on Feb. 12--Legislature

A bill to restore Feb. 12 as the day Illinoisans celebrate President Lincoln's birthday passed the House of Representatives on Friday and was sent to Gov. Richard B. Ogilvie. With Congress having designated the third Monday in February as President Washington's birthday in adopting a series of Monday holidays, effective in 1971, the General Assembly changed the Lincoln observance to the first Monday of February. The Illinois legislators have since changed their minds and no longer regard it as a good plan.
